It had been a week since Arko's speech on Zearth's plot

But public opinion was clearly leaning toward one direction

Support

Toward sympathy

And based on the gist of the government's announcements up to that point, it would be hard to accept all of it as truth

Of course some criticized the plots of Zearth

The rest of the world had conflicting reactions

Oh...

Well...
If we remove
the pieces of
arrows that have
the needles
stuck in them.

It's just
simple
ballistic
flight.

However,
that attack
method
preys on the
psychological
need for the
home role
to protect
their town.

Since
it's already
reached that
distance.

I'd say
the projectiles
aren't being
guided by
any particular
means.

After all, if it
waited to attack
until the previous
one had already
landed, we could
simply move and
dictate where
it would aim the
next time.

Assuming it
generates
those bullets
well, it should
want to create a
distance roughly
equivalent to
the time it takes
to reach the next
round for firing.

The enemy will
understandly
attack again
before the round
that's currently
in flight strikes.

What do

Second

It will

high.

The

We're
teleporting them
not beneath the
enemy, but to the
American base
there.

It was like accidents and tragedy were someone else's problem.

I felt like my own family were special somehow, that they couldn't be harmed by anything in the outside world.

Even though I was a soldier, who came to serve the whole

and I knew I should have realized this before tragedy befell those close to me.

The truth is,

They're always too late to notice what is truly important.

People are foolish.

I'm actually grateful that you've given me the opportunity to fulfill this duty.

So you see,

That isn't your fault.

You've already been given a responsibility you didn't need to have.

Sorry.

You get happy and long-winded when you grow old.

There's another meeting round coming very soon.

That **WE**
should have
been given.

Butter,
that was a
burden...

we can do
to help you.

I am
convinced that
this is the
only thing

the rest
is in your
hands.

Captain
Tanaka.

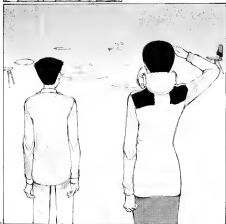

*Allez

I wouldn't
be helping' out
if it wasn't
such a fun
plan.

we're
ready for
your help

Well,
Mr. Dong
Beetle.

ぼくらの

We don't
have the
time.

You
won't
hesitate.

once
we get
Captain
Sato's
signal.

Kang.

You won't
be doing
them a kind-
ness in this
case.

Two minutes
until the next
round arrives.

Prepare
yourself!

They'll be given
vehicles there
and head toward
Jardin.

I wanted
to destroy

To be totally

I've
changed
my mind.

But,

Put the laser
in continuous fire,

All right,

ぼくらの

ぼくらの

It's nothing.

Never mind. No...

Macha.

Teleport me to the roof of Christmas Tower

All right, Deng Beata.

I put
up with
all this
crap.

Just so you
know, Waku
wasn't the
only reason.

What?

ぼくらの

I've never
actually been
up here.

Wounded
by so much
guilt.

So then
is where
Mom died.

I thought
I'd be able
to pull it
off less
painfully.

Things
didn't go
as well as
I'd hoped.

Captain
Soto,
100
soldiers.

All that
damage.

Looks
like I've
achieved
the same
feeling.

we've shot
another
pilot again.

And
because
of me.

no
feeling
and
power-
lessness.

Not so
much
guilt

I wonder
if Mom
left this
way.

I'm so
tired.

I'm
coming
soon.

Mom.

Didn't
realize it
was so
cold out.

It's cold.

Right.

Others...

I guess
it's about
like that.

and
sometimes
as if
nothing.

you can
think,
I was
so lucky,
I had it
good.

Look...

Snow.

ぼくらの

Will they try their best?

going to win for us?

to the next point

Ah, finally my mind is starting to clear up.

Machi?

Not Uchiwa.

It's not Kana.

The next plot?

ぼくらの

But,
no.

Then
what?

not
Macha.

It can't
be.

I've been
called.
